

## **CREWS ANYWHERE, ANYTIME AROUND THE WORLD**

Crew Connection, a woman-owned business, is a video crew booking service that connects corporate and broadcast clients with local video production professionals worldwide.

We have been in business since 1989 and have an extensive database of highly skilled and experienced directors of photography, audio technicians, producers, make up artists, gaffers, grips and more offering the latest camera, lighting and grip equipment.

## **WE SAVE YOU MONEY AND WE SAVE YOU TIME**

From Peoria to Paris, we've got you covered. You will experience the benefit of crews who know the territory while saving the cost of traveling a crew. Plus, you'll avoid the expense of a crew search – so you can forget the endless phone calls, interviews and scheduling hassles. Administrative paperwork? It's all ours. All the invoices. All the receipts. All the expense accounting.

## **EXPERTISE**

We have 3 full time coordinators and an after hours cell phone so clients have access to our services 24 hours a day, 7 days a week. All our coordinators have worked in the field and are up to date on the latest camera formats and production technologies.

 We can manage your independent contractors, ensure proper classification and verify business insurance. We can pay them on your behalf, thus consolidating all your contractors under one umbrella, Crew Connection.

## **PAYREEL, INC.**

It manages production departments with both full time employees and part time contractors. Current customers include Verizon, Barclays Capital, Oracle and QVC. PayReel is a certified WBENC.
